2015 Test Event – Athlete Selection:

The HP Staff will select athletes to attend the 2015 Test Event in Rio based on the athlete/teams probability to be selected and perform at the 2016 Olympic Games.

This subjective selection will be based on selecting a cohesive team of athletes that have demonstrated the clear ability to perform at an elite international standard at recognized international events. Examples of events that will be considered in evaluating the potential team membership include but are not limited to past and future, Olympic Games, World Championships, European Championships, World Cup Events, select Eurosaf Events and other such events that included international quality competition.

Exceptional circumstances will be taken into consideration by HP Staff in adding additional teams not fulfilling the before mentioned parameters. Sail Canada does not plan to send a “full” team to the test event, rather the intent is to be selective to ensure maximum benefit from the experience.

In as much as the Test Event is a quality opportunity for athletes and coaches to gain insight into competing in Rio, Sail Canada is committed to sending a quality team capable of both competing at an elite level during the event but also in gathering information that will benefit future performance in Rio at the 2016 Olympic Games.

Time lines:

- a) HP Staff will select classes to attend Test Event and complete preliminary registration by May 1st, 2015.
- b) HP Staff will nominate athletes to selected classes not later than June 18th, 2015.
- c) HPD will complete team registration by athlete name not later than June 20th.
