

Royal Nova Scotia Yacht Squadron High Performance Sailing Coach

The Royal Nova Scotia Yacht Squadron (RNSYS), is accepting applications for knowledgeable Optimist, Laser and i420 coaches with INTERNATIONAL racing & coaching experience for the 2019 season. We are seeking to fill 3 Coach positions, which will be based at our club at 376 Purcell's Cove Road in Halifax.

Located in Halifax, Nova Scotia, the RNSYS offers Atlantic Canada's most competitive sailing programs and is home to many world-class sailors.

The role of the Coach is to provide leadership and coaching to the RNSYS' high performance Optimist, Laser and 420 racing teams from the beginning of May through to the end of October 2019. The term could be adjusted to the needs of the right candidate.

Credentials & Experience:

The Coach shall have the following qualities, credentials and experience:

- Significant racing experience in either Optimist class, Laser Class, International 420 class, or similar double handed classes.
- At least four (4) years of race team coaching experience at either the Optimist, 29er, Laser or International 420 class level
- Excellent organizational, time management, communication and motivation skills also while demonstrating tremendous initiative, resourcefulness and an ability to work with minimal supervision.

Job Description:

The Coaches will be expected to:

- Develop training and competitive programs for high performance Optimist, International 420, *or Laser* athletes.
- Travel with team members to identified regattas.
- Work closely with coaches from the RNSYS and other clubs.

Work Environment:

This position requires domestic travel to regattas, training camps and meetings. The Schedule includes athlete program management, active coaching, program administration and meetings with volunteers. The position requires initiative, resourcefulness and the ability to work with minimal supervision.

Hours of Work & Remuneration:

The Coaches will work full-time from May until the end of October, 2019. Evening and weekend work is required, along with overtime during the peak summer season. Salary for this position is \$21 per hour, with overtime paid after 48 hours of work per week.
