The organizing committee for Sail East 2016 was a group effort. Each member of the committee contributed to the success of this event. It was only through this commitment to Junior Sailing that Sail East was outstanding. Each committee member had a special talent that they shared with the Club as they undertook the creation and execution of Sail East. As the event planner for this event I was impressed with the desire and attention to detail that the committee showed. The staff and members of the Charlottetown Yacht Club rallied around the committee and went above and beyond what was expected of them. It was an amazing regatta and comments received from the Head Coach, race officers, parents and participants were exceptional. The head coach made a point of telling us that this was the best organized regatta they had attended in 2016! We couldn't be happier as an organizing committee on the results and how this regatta has re-vitalized CYC. It was so exciting to see the sailors and the club so busy and alive. We are very thankful to Sail Canada and our sponsors for the opportunity to host Sail East. We look forward to future regattas!
