

A photograph of two sailboats on a body of water. The boat on the left has a white sail with the number '1048' and '6401' written on it. The boat on the right has a white sail with a red and black stripe and the number '8149' written on it. In the background, there are buildings and a forested hillside under a clear sky.

Have a summer on the waves!

Sooke Sailing Association is located in a scenic area on the West Coast. It has a small man made bay that is ideal for controlled conditions on windy days or for younger sailors. Out of the bay is great for experienced sailors! Sooke Sailing is currently looking for certified Can Sail Instructors, and trained Instructors. Sooke sailing has another location at Oak Bay. This will be filled with trained or Certified coaches to work for the summer season 2023.
