Athlete Selection System and Requirements
World Sailing Youth World Championships 2024
Lake Garda, Italy
July 13-20, 2024

Objective/Preamble:

The World Sailing Youth World Championships is an important early step in an athlete's high performance sailing career. The Sail Canada podium pathway identifies a target performance of top 10% of the field at the World Sailing Youth World Championships as a marker of high performance potential.

Through this selection process, Sail Canada will identify the sailor(s) who are at a stage of development that demonstrate results against international caliber competition, supported by a training and competition plan that best supports achieving this performance objective.

Sailing experts and stakeholders have contributed to establishing performance standards, and selecting targeted events that enable athletes from across the country to compete against each other in as strong a field as possible, within a developmentally appropriate timeframe, for the opportunity to be selected to the 2024 Canadian Youth World Team.
